ACCESSIBILITY PLAN

2021 / 2022

Together As One

Ark John Archer Primary Academy Accessibility Plan 2021 / 2022

Rationale

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting or progress of the Accessibility Plan over the prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”.

Definition of Disability

According to the Equality Act 2010, a person has a disability if:

- (a) he or she has a physical and mental impairment, and
- (b) the impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Key Objectives

To reduce and, where possible, eliminate barriers to access the curriculum and to full participation in the school community for pupils, and prospective pupils, staff and visitors with a disability.

Principles

- Compliance with Equality Act 2010 is consistent with the academy's approach to equal opportunities and the operation of the school's SEND policy:
- The academy recognises its duty under the Equality Act 2010:
 - not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
 - not to treat disabled pupils less favourably
 - to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
 - to publish an Accessibility Plan
 - The Ark John Archer Primary Academy's Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating their needs where practicable.
- In performing their duties, governors and staff will have regard to the Equality Act 2010.
- The academy recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities and respects the parents' and child's right to confidentiality.
- The academy provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and endorses the key principles in the National Curriculum framework 2014, which underpins the development of a more inclusive curriculum:
 - Setting suitable learning challenges
 - Responding to pupils' diverse learning needs
 - Overcoming potential barriers to learning and assessment for individuals and groups of pupils

Activity

This section outlines the main activities which the school undertakes, and is planning to undertake, to achieve key objectives above.

- **Improve access to the curriculum for pupils with a disability and/or sensory impairments**

The academy will continue to see and follow the advice of the LA services, such as specialist teacher advisors and SEN inspectors/advisors, and or appropriate health professionals from the local NHS Trusts. The academy will expand the curriculum as necessary to ensure that pupils with a disability are as equally prepared as able-bodied pupils; (If a school fails to do this, they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;

- **Improve access to the physical environment of the school.**

The academy will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings. Improve and maintain access to the physical environment of the academy, adding specialist facilities as necessary – this covers improvements to the physical environment of the academy and physical aids to access education within a reasonable timeframe;

- **Improve provision of information**

Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable timeframe. The academy will make itself aware of local services, including those provided by the LA, for providing information in alternative formats when required or requested.

It is a requirement that the academy's Accessibility Plan is resourced, implemented, reviewed and revised as necessary and reported on annually.

Attached is an action plan showing how the academy will address the priorities identified in the plan.

Information about the Accessibility Plan will be published on the school website.

The Accessibility Plan for physical accessibility relates to the access audit of the school, which remains the responsibility of the governing body.

It may not be feasible to undertake all of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans.

An accessibility audit will be completed by the academy prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

Access Audit

- The school is a three-storey Victorian building with wide corridors and several access points from the outside.
- The ground floor is accessible to wheelchair users via the main school entrance on Plough Road. There are automatic doors in order to gain access to the main school office.
- Reception areas are on the ground floor.
- Currently school lunch is provided in all three floors.
- Access to the top floors is via the 2 staircases. There is currently no lift or lifting device available.
- There are pupil toilets situated on each floor. Reception class have their own pupil toilets. Currently there is no disabled toilet available.
