SPECIAL EDUCATIONAL NEEDS AND DISABILITY POLICY

Ark

POLICY INFORMATION

Named personnel with designated responsibility for all matters associated with special

educational needs and disabilities:

Role	Designated Person	Contact Details
SENCo	Ms Chrysa Rakitzi	admin@arkjohnarcher.org
Senior leader who manages the SEND Department	Ms Chrysa Rakitzi	admin@arkjohnarcher.org
SEND Link Governor	Mrs Cressida Llewellyn	admin@arkjohnarcher.org
Designated teacher with safeguarding responsibility	Mrs Dona Henriques	admin@arkjohnarcher.org
Member of staff responsible for pupils with medical needs	Ms Chrysa Rakitzi	admin@arkjohnarcher.org
Member of staff responsible for managing PPG/LAC funding	Mrs Georgina Roberts	admin@arkjohnarcher.org

Policy review dates (frequency of review: annual)

Review Date	Changes made	By whom
Sep 2014	Policy created	ARK Central
Sep 2016	Policy reviewed	Stephanie Bryan
Sep 2017	Policy reviewed	Carly Biggam

Ratification by Governing Body

Academic year	Date of ratification	Chair of Governors
2018

1 COMPLIANCE

This policy complies with all statutory requirements, especially those relating to the legislation contained in the Equality Act 2010 and the Children and Families Act 2014, as set out in the SEND Code of Practice 0 – 25, September 2014.

This policy was created by the academy SENCo in collaboration with the SEND Link Governor and the Academy Leadership Team, taking into account the views of pupils, parents and relevant other stakeholders.

2 ROLES AND RESPONSIBILITIES

The SENCo

The SENCo role is performed by the Inclusion Leader, who has day-to-day responsibility for the operation of the SEN and disabilities policy and co-ordinating provision made for students with SEN and disabilities.

The SENCo provides professional guidance to colleagues with the aim of securing high quality teaching for students with SEN and disabilities, and works closely with students, parents and other professionals to ensure students with SEN and disabilities receive appropriate support.

The SENCo plays an important role with the Headteacher and governing body in determining the strategic development of the SEN and disabilities policy and provision within the school in order to raise the achievements of students with SEN and disabilities.

In compliance with the Special Educational Needs and Disability Regulations 2014, the SENCo is also responsible for the following:

- In relation to each of the registered pupils who the SENCo considers may have special educational needs, informing a parent / carer of the pupil that this may be the case as soon as is reasonably practicable
- In relation to each of the registered pupils who have special educational needs:
- Identifying the pupil's special educational needs, and co-ordinating the making of special educational provision which meets those needs
- Monitoring the effectiveness of any special educational provision made
- Securing relevant services for the pupil where necessary
- Ensuring the records of the pupil's special educational needs and the special educational provision made are maintained and kept up to date
- Liaising with and providing information to a parent / carer of the pupil on a regular basis about that pupil's special educational needs and the special educational provision made
- Ensuring that, where the pupil transfers to another school or educational institution, educational provision made is conveyed to the appropriate authority or the proprietor of that school or institution
- Promoting the pupil's inclusion in the school community and access to the school's curriculum, facilities and extra-curricular activities
- Selecting, supervising and training learning support assistants who work with pupils with special educational needs
- Advising teachers at the school about differentiated teaching methods appropriate for individual pupils with special educational needs

- Contributing to in-service training for teachers at the school to assist them to carry out necessary tasks to meet the needs of pupils with special educational needs
- Preparing and reviewing the information required by law to be published in relation to special educational needs provision

The SEND Link Governor

The SEND Link Governor has specific oversight of the school's arrangements for SEN and disability. Their responsibilities include:

- Helping to raise awareness of SEND issues at governing body meetings
- Ensuring that the school's notional SEN budget is appropriately allocated to support pupils with SEN
- Giving up-to-date information to the governing body on the quality and effectiveness of SEN and disability provision within the school
- Helping to review the school's policy on provision for pupils with SEN
- Assuring the governing body that the school website publishes the school's SEN offer

The Headteacher

The Headteacher has overall responsibility for the strategic planning and day-to-day delivery of SEND provision.

3 OUR VISION, VALUES AND AIMS

Our vision for all pupils, including those who may have special educational needs and/or disabilities, is that they will develop the necessary skills, knowledge and attributes to be able to lead happy and successful lives.

Our aim is having a school community working together, enabling children to achieve their full potential in a caring, calm and safe environment. We believe that establishing a culture of respect and kindness for others develops a strong sense of community. We nurture resilience and aspiration through children and staff working collaboratively.

In achieving our aims, we will:

- work side-by-side with teaching staff, supporting them with training and development so that they can deliver well differentiated lessons with the needs of those pupils who have SEN and disabilities in mind
- set exceptionally high expectations for all our pupils, and do whatever it takes to meet them. Our aspirations are no lower for pupils with SEN and disabilities
- teach, recognise and reinforce good behaviour
- organise our academy so that every child knows, and is known well by, every adult in the academy
- prioritise depth in English and mathematics, giving our pupils with SEN and disabilities the best chance of success
- make sure pupils have enough time both for core subjects and for extra-curricular activities

4 IDENTIFYING SPECIAL EDUCATIONAL NEEDS

Early identification of pupils' needs is the key to unlocking the potential of pupils who may have special educational needs. We adopt a graduated approach to ensure that pupils who do not develop age

appropriate knowledge and skills, or who fall behind their peers are identified as early as possible.

The attainment of all pupils is assessed upon entry to the academy, either as part of the Early Years Foundation Framework and CEM baseline or through assessment against the national curriculum and standardised maths and reading tests in KS1 and KS2. This is in order to:

- form the baseline for setting individual targets. Progress towards these targets is reviewed at data entry points at least three times per year to ensure that pupils who fall behind are identified as early as possible.
- identify pupils whose development is significantly behind that of their peers. Such pupils are prioritised for targeted and/or specialist assessment and/or intervention as set out in section 5 below. Each intervention is reviewed frequently, based on progress against intervention-specific measures. Refer to Appendix A for a full list of assessments and interventions.

Pupils in year 1 are also assessed nationally for phonics so that those who lag behind their peers may receive the necessary targeted or specialist input to help them catch up.

Where concerns about a student's learning or development arise as a result of our data analysis, we start the identification process by talking to the pupil and a parent / carer. Where learning needs appear complex, we may also seek input from specialists such as educational psychologists or speech and language therapists.

In our attempts to understand the learning needs of pupils, we apply the four broad categories of need as set out in the SEN Code of Practice 0 – 25 (2014):

- **Communication and interaction** needs refer to those students who experience difficulty with speech, language and communication
- **Cognition and learning** needs refer to those students who learn at a slower pace than their peers, or who have difficulties acquiring skills in a specific area such as literacy. This includes students with moderate learning difficulties and severe learning difficulties, requiring support in all areas of the curriculum and participation in school life in general
- **Social, emotional and mental health** needs, as manifested in different ways, such as students becoming withdrawn or displaying challenging behaviour such as being disruptive or self-harming. Students who have difficulty paying attention, or forming attachments with adults also fall into this category.
- **Sensory and / or physical** needs refer to those students who require special educational provision because they have a disability that prevents them from accessing the educational facilities that are generally available

[Refer to any academy specialisms, e.g. Speech and Language unit provided at your academy]

5 A GRADUATED APPROACH TO SEN SUPPORT

At ARK John Archer Primary Academy we have a three-tiered, graduated approach to supporting students' learning needs. The graduated approach at each tier involves:

- *Assessing* the pupil's needs by considering all of the information gathered from within the academy about the pupil's progress, alongside national data and expectations of progress and parent and pupil views.
- *Planning* the most effective and appropriate short term intervention, based on evidence of what works
- *Providing* this intervention and training staff to deliver it to a high standard as well as clear information for parents / carers
- *Reviewing* the impact on the pupil's progress towards individual learning outcomes at shorter intervals, depending on the type of intervention

Tier 1: Universal Support

It is our firm belief that pupils' needs are best met in the classroom and that, therefore, every teacher is responsible and accountable for the progress and development of all pupils they teach, including those with special educational needs and disabilities. At this **universal** level, we train our teachers to deliver high quality teaching, differentiated for individual pupils. We review the progress of all pupils at least three times per year and make rapid adjustments to support strategies and, where necessary, teachers' understanding of

the needs of individual pupils they teach. In addition, we talk to students and their parents to gain as full an understanding of their learning needs as possible. The information we gather in this way is shared with teachers in a Pupil Profile. The Pupil Profile is a document that outlines pupils' strengths and difficulties, with suggested strategies for teachers to best support their learning.

Tier 2: Targeted Support

We provide **targeted** support when we consider it appropriate to make additional short term special educational provision to remove or reduce any obstacle to a pupil's learning, or to help them catch up when termly data analysis shows they have fallen behind their peers.

Such specific, targeted one to one or small group interventions may be run outside the classroom, limited to a number of weeks to minimise disruption to the regular curriculum.

Tier 3: Specialist Support

We provide **specialist** support when we consider it necessary to seek specialist advice and/or regular long term support from a specialist professional outside the academy in order to plan for the best possible learning outcomes for those pupils who fail to make progress in spite of high quality teaching and targeted intervention. This may include assessment and / or support from:

- An educational psychologist
- A speech and language therapist
- Specialist sensory advisory teachers for students with, for example, hearing or visual impairments
- [Refer to other specialist services provided by the local authority or that have been commissioned from independent providers]

[Include information about any adjustments you make to the curriculum or teaching arrangements for specific groups of pupils, e.g. nurture group]

[Include information about any resourced provision such as a language unit at your academy]

Refer to Appendix A for a full list of assessments and interventions provided at (x) Academy.

6 RECORDING SEN AND DISABILITIES

We are required by law to keep a record of those pupils who have been identified as having special educational needs and disabilities, and the provision we make for such pupils.

For each pupil with special educational needs and/or a disability, the SENCo will record on the academy data management system their broad area/s of need as listed in point 4 above, as well as a description of any specific areas of need. This will make up the academy SEN/D register.

Records of interventions and support are kept in the academy provision map.

When the pupil has caught up with their peers and therefore no longer requires the additional provision or support, in consultation with parents the entry will be deleted from the SEN/D register and provision will

be ended in the provision map.

7 SUPPORT FOR FAMILIES

We provide support to parents / carers of pupils with SEN and/or disabilities through regular contact, information sharing and termly progress reports. We also run SEND parent workshops throughout the year that are published in our school letter.

Specific support is provided at key transition points. At the end of reception parents/carers may talk to the SENCo about transition plans for starting KS1. Similarly at the end of Key Stage 2 parents / carers may approach the SENCo for support relating to Secondary School options.

Additional support to families is available through the local authority, whose Local Offer can be accessed here: www.wandsworth.gov.uk/localoffer

Parents may also wish to get in touch with <http://www.wandsworth.gov.uk/wiass> and www.positiveparentaction.org.uk

8 SUPPORTING PUPILS AT SCHOOL WITH MEDICAL CONDITIONS

We recognise that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the academy will comply with its duties under the Equality Act 2010.

Some pupils with medical conditions may also have special educational needs and where this is the case the academy will comply with the SEND Code of Practice 0 – 25 (2014).

The policy for meeting the needs of pupils with medical conditions sets out the academy approach in this regard. This policy is available on the academy web site. [\[Insert a link to your medical needs policy here\]](#)

9 MONITORING AND EVALUATION OF SEND PROVISION

The progress of all pupils towards their attainment targets are monitored at data entry points at least three times per year. It is expected that pupils with SEN and/or disabilities will make good progress in response to high quality, well differentiated teaching. Where this is not the case, we rapidly respond to pupils' needs as set out in section 5.

The senior leadership team, supported by the SENCo, regularly observe lessons to monitor the quality of teaching, and for those pupils with SEN and/or disabilities focus specifically on the extent to which

teachers adapt their lessons and resources as set out in the Pupil Profiles.

The progress of pupils who receive targeted or specialist support is measured against intervention specific baselines and targets. For example, we assess pupils' reading development prior to targeted literacy intervention, and again after a set period of time to assess whether the intervention is allowing pupils to catch up with their peers.

Students with a Statement of special educational needs or an Education, Health and Care Plan have a formal review meeting each year, at which progress and provision are considered and – if needed – changes are made.

10 TRAINING AND RESOURCES

We make every effort to ensure that staff at ARK John Archer Primary Academy are suitably trained and that we have adequate resources available to meet the needs of all pupils, including those with SEN and/or disabilities.

Staffing and resources are funded through the Academy's notional SEN budget - a sum of money the academy receives to spend at our discretion for meeting the needs of pupils with SEND. We provide support and resources from this budget as required up to the value of £6000 per pupil with SEND.

Some students with a statement of SEN or Education, Health and Care plan may receive additional funding (top up funding) to have their needs met. This top up funding is used specifically for resources needed by that particular pupil and is reported on during the annual review meeting.

In order to maintain and develop the quality of teaching and provision to respond to the strengths and needs of all pupils, all staff are encouraged to undertake training and development. In addition, we audit staff training needs in relation to special educational needs on an annual basis as to inform the continued professional development schedule for the academic year.

The SENCo regularly attends SENCo network meetings at both Local Authority and Ark Network level in order to keep up to date with local, Ark Network-wide and national updates in SEND.

11 STORING AND MANAGING INFORMATION

All documents and information are stored in compliance with guidance presented in the Data Protection Policy, available on the website. [\[Insert a link to your data protection policy here\]](#)

12 ACCESSIBILITY

The Equality Act 2010 placed a duty on schools to plan to increase over time the accessibility of schools for

disabled pupils.

Ark John Archer Primary is committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Our accessibility plan can be viewed here: [\[insert a link to your academy accessibility plan\]](#)

13 DEALING WITH COMPLAINTS

Our named person for all matters relating to special educational needs and disabilities is our Inclusion Leader Ms Rakitzi. She should be contacted if parents / carers have a concern. If a parent wishes to make a formal complaint, guidance as to how this can be done is available on the academy website. [\[insert a link to your complaints procedures here\]](#)

14 REVIEWING THE POLICY

Governors, the Headteacher and Inclusion Leader, paying regard to views expressed by students, parents and all agency staff who have been consulted or have contributed to SEND provision during the year, will review the policy, publishing an updated version on the school website.

This policy will be reviewed annually.

15 EQUALITY IMPACT STATEMENT

We will do all we can to ensure that this policy does not discriminate, directly or indirectly. We shall do this through regular monitoring and evaluation of our policies. On review we shall assess and consult relevant stakeholders on the likely impact of our policies on the promotion of all aspects of equality, as laid down in the Equality Act (2010). This will include, but not necessarily be limited to: race; gender; sexual orientation; disability; ethnicity; religion; cultural beliefs and pregnancy/maternity. We will use an appropriate Equality Impact Assessment to monitor the impact of all our policies and the policy may be amended as a result of this assessment.
